

Progress Report: Ellington Treasury Book - Aasland-Valburn. I have learned through indirect sources that Benny Aasland suffered injury to his back sometime earlier this summer. I have not had any direct communication from him since May of this year. Sometime ago I had requested of him a printout of everything that had been completed on our book. I can only assume, in the absence of any word from him that he is unable to take care of these matters at this time until his health is better. I am still quite optimistic that we will be able to get the completed book to the publishers in the early part of 1983. In the meantime I am working on such details as the final broadcast index and the AFRS index as well as searching out printed matter and pictures about the 1945/46 series.....
